

Greetings,

Welcome to the Walker-Miller Energy Services Careers section!

Headquartered in Detroit, we are a high performing Certified B Corporation. As such, we are committed to operating in a way that benefits people, communities, and the planet. Our efforts in energy efficiency and clean energy help decrease the energy burdens on local families and businesses, create sustainable jobs, diversify local energy workforces, and position small business owners to become sustainable suppliers to the clean energy industry.

From team member benefits and charitable giving to procurement practices, the B Corp Certification is the embodiment of our mantra: Empowering People, Enriching Communities. We are not just an employer; we are stewards of our diverse team.

The transition to a new low carbon reality is happening right now, and our goal is to ensure historically excluded communities participate fully in the benefits of this transformation. This participation includes clean energy jobs, new business creation, and investments in healthier indoor and outdoor spaces. Equity absolutely must be at the center of our efforts in decreasing energy burdens and driving access to clean energy jobs and business opportunities.

I invite you to take a few moments and really process our Core Values: BHIVE – Boldly Go; Humble Confidence; Inclusive Stewardship; Value Reputations; and Extraordinary Experiences. At Walker-Miller, our Core Values are more than just a few pretty phrases on a website; they are embedded in every single component of our operational processes.

Through the dedication of our extraordinary team members, we have intentionally and diligently curated a culture of kind excellence. Our culture facilitates the highest customer satisfaction ratings in the industry. Our culture makes us strive to become a better company every single day. Our culture makes us an exceptional company to work with.

Thank you for your interest in Walker-Miller Energy Services, and best wishes to you along your career journey, wherever you may land.

Take good care,

Carla Walker-Miller
